Discovering innovative and competitive technologies

>>> Technology Scouting

We find the best technology solutions for your innovation. We look for solutions that are already on the market as well as those that are still being developed.

Delivering real innovation

>>> New product development management

From idea to functional prototype, we will guide your company through the entire process and monitor each development milestone: we are your one-stop-shop for innovation.

Adding value to corporate know-how

>>> IP Optimisation

We will analyze and value your company's intellectual property and optimize your costs invested in it.

Seeking key partnerships

>>> Experts Scouting

We will find a top research partner with a proven interest in collaboration for your innovation.

Assessing IP & technology risks

>>> IP & Tech Due Diligence

We specialize in identifying intellectual property and technology risks. We will quickly and professionally create a case for investment in technology companies or prepare your company for the next investment rounds.

Shaping innovation policy

>>> Public Policy Advisory

We use our expertise and experience in setting innovation policy in cooperation with regional, national and international institutions.

Thanks!
